mraymond@darwingray.com

Mike joined Darwin Gray in June 2023 as a paralegal, and started working as a trainee solicitor in September 2023. He obtained his law degree in 2017 from the University of the West of England, and went on to complete his Legal Practice Course alongside a masters in Law and Business at the University of Law, Bristol in 2021.

He has previous experience as a paralegal, working in residential conveyancing for several firms. He also has previous experience working in intellectual property as a brand protection analyst and sub-team leader. Having gained experience in several different areas of law, he felt it was the correct time to move into private practice and pursue his ambition of qualifying as a solicitor.

Mike undertook his final seat in our renowned Corporate and Commercial law department and qualified as a Solicitor into the department in October 2025.
