Lloyd recently joined Darwin Gray in March 2025 as a Solicitor in our highly regarded dispute resolution department. Before joining Darwin Gray, he completed his training contract and worked as Solicitor dealing with civil matters for two years. During this time, he dealt with claims from start to finish, and often secured clients up to six-figure settlements. More recently, Lloyd has decided to move into commercial work and leans upon his previous litigation experience to advise and assist clients on a range of matters within the team.

Lloyd holds an undergraduate degree in Law after graduating in 2019. He later obtained an LLM in Legal Practice from Cardiff University.

Outside of work, Lloyd keeps active by playing sports such as Rugby and Golf in his spare time.
